---

- Contents: 300ml squeeze bottle with sealed lid
- Mono cartons with 6 units in FSC-certified paper
- 215 Cartons per pallet
- EU-Production
- Cooperation with the NGO *Plasticbank* for a World free of Plastic waste

## Our cooperation partner “Plasticbank” is fighting for a world free of plastic waste.

- Plasticbank operates in developing countries around the world where plastic pollution is a major problem.
- It takes a unique approach to tackling plastic pollution by creating a system where individuals can exchange collected plastic waste for various goods and services.
- This creates incentives for collecting plastic waste and helps prevent it from ending up in the oceans and other ecosystems.
- The collected plastic is then recycled and used to make new products.

**Delivery of Samples:**

**April 2024**

**Available in Retail:**

**May / June 2024**
